Monday– Legend Lake South

Tuesday– Legend Lake North/South Branch & West Branch

Wednesday– Middle Village/Neopit/Zoar

Thursday– Keshena

Keshena Falls Area

Welcome to the March Issue!

Here's hoping March comes in like a lion and goes out like a lamb as everyone anticipates the coming Spring season.

As a department we continue to push through the winter, hoping the snow will soon turn to the brown and green grasses of spring.

Some of the things going on in the department this month include construction planning meetings, bid opening for the Middle Village Cemetery Road Project, MTL approval meetings for Long Range Transportation and Land Use Plans, spring clean-up preparations along with

other departmental tasks.

A new addition to this month's newsletter is the Community Development Featured Employee of the Month. The bio tells a little bit about our staff here and the role they play both in the department and away from it. Enjoy the March Issue!!!

Illegal Dumping at Keshena Transfer Site

Trash dumped outside of Transfer Site Gate. See Answer's to Your Questions for more information.

Construction Projects Coming Up This Spring:

- The Construction Projects will be starting soon. We have the following projects scheduled for construction in 2013:
- ◇ Middle Village Cemetery Road (Below)

◇ Maehnowesekiyah Diversion Center Parking Lot

◇ West Branch Road (Gravel Portion)

◇ Neopit Tribal School Parking Lot

◇ Keshena Senior Center Parking Lot

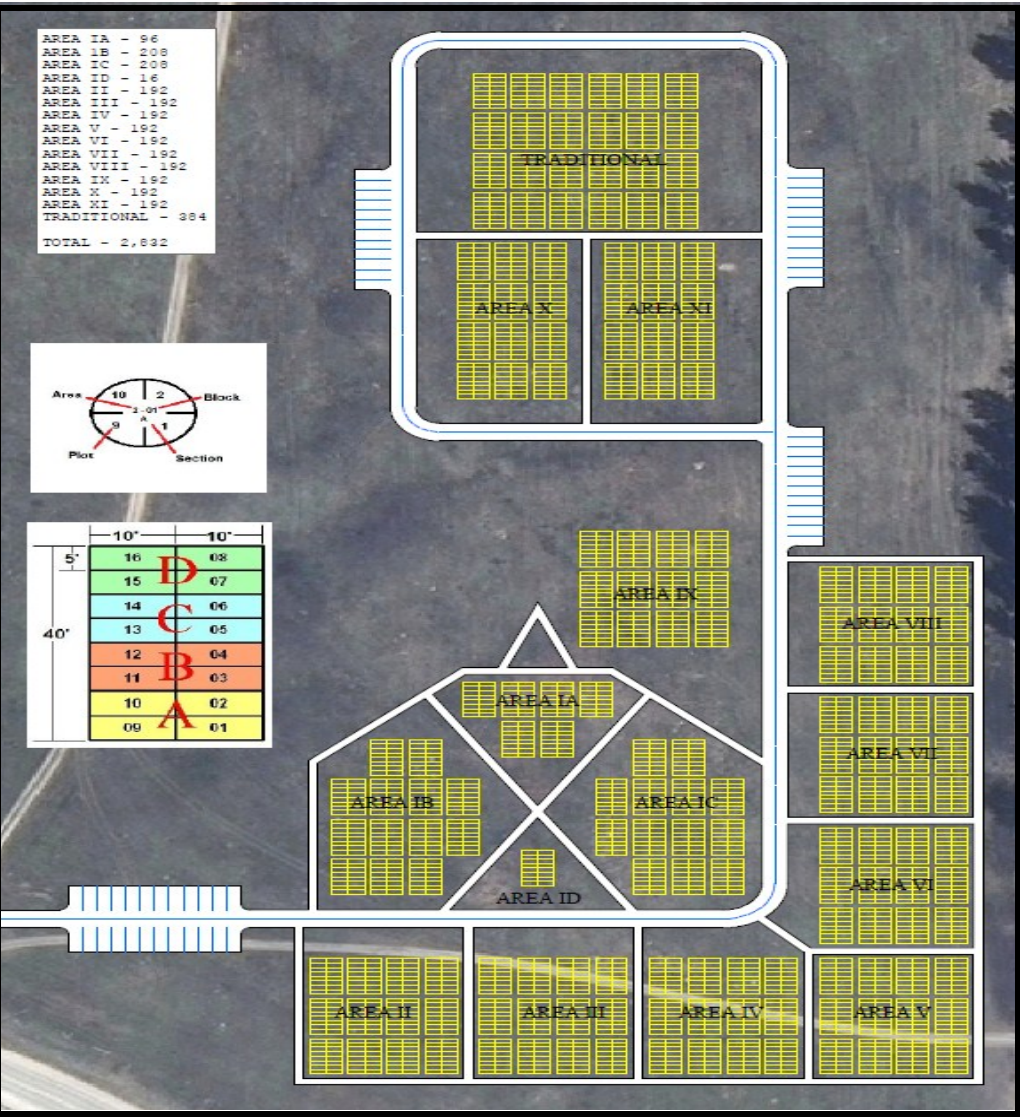

◇ Warrington Road LED Street lighting

◇ Neopit Streets– Phase I (White City Area)

Questions regarding any of the road construction or sidewalk projects, please call: Ken Klemens, Sr. Project Manager at 715-799-5148.

Middle Village Cemetery Road Project:

The Middle Village Cemetery Road Project is being built this spring in order to assist with the infrastructure of the new Middle Village Cemetery. It will be located to the right as you enter Volland’s Fields heading north on Highway 47.

The design for the Road Project is shown in the picture to the left.

The main road will be gravel material, with the outlines of the thunderbird and other trails being made of “crusher dust” which is a finer gravel material.

The monumenting and layout portion of the actual cemetery will take place during the summer with expected completion near the fall.

The construction project is expected to take 20-30 days and begin in May. Some minor delays can be expected with construction traffic entering and leaving along Highway 47.

Featured Employee of the Month: Brad Bowman

Brad Bowman is a Project Manager for the MITW-Community Development Department. Over past two and half years he has overseen various road construction and building construction projects.

In 2009 Brad graduated with honors from Fox Valley Technical College with an Associates degree in Applied Engineering and is currently pursuing a degree in Civil Engineering from Northeast Wisconsin Technical College. Before working at Community Development Brad spent 12 years as a roofing contractor in the Fox Valley area.. Brad lives in Shawano with his significant other and their two children. In his free time he enjoys shooting trap, bowling, and spending time with his family

Answer’s to Your Questions:

This section provides an opportunity to answer frequently asked questions.

Q: What can happen if I drop my garbage off outside the gate at the Transfer Site?

A: If you drop off garbage outside of the gate at the Transfer Site (Dump), you must be aware that you are illegally dumping garbage.

First, if caught dumping garbage anywhere illegally, you can receive a fine of \$100 per bag of trash at a minimum and depending on the severity of the illegal dumpsite up to \$10,000. People will be fined accordingly for this illegal activity.

Next, if you dump your garbage at the gate, someone has to clean it up and even those costs can be

included in the fine. Staff along with Conservation staff have to go through and clean up the dumpsite and take time to investigate any evidence. This takes away from other duties they could be doing instead of cleaning up garbage.

Please realize how terrible it is to litter and the impact illegal dumping has on the environment. Other people and the

environment shouldn’t have to suffer for reckless behaviors of others.

The Transfer Site is open daily from 8 a.m.—4:30 p.m. and garbage is picked up every week curbside, so there is really no need to dump your garbage at the gate or anywhere illegally. Think about the effects and ask if they are worth the risk?

2013 Menominee County & Reservation Wide

COMMUNITY CLEAN-UP

April 22nd – 25th

Collection will be on your Regular Trash Day ONLY!

HOW IT WORKS:
Place your unwanted household items on the curb for collection on your regular trash pick up day • Your household garbage/trash **MUST BE** in can for regular collection • All other items must be neatly sorted and placed in separate piles for collection • Two other trucks will pick up discarded household items.

CLEAN UP FOR: ALL HOUSEHOLDS on BOTH Menominee Tribal and County Lands.	
NOT ACCEPTED <ul style="list-style-type: none">Yard WasteHazardous MaterialConcretePaintLarge Amount of Construction Debris	ITEMS ACCEPTED <ul style="list-style-type: none">Furniture any household itemsMajor AppliancesMetalsTV/ElectronicsAuto Fluids (Oil & Antifreeze)BatteriesTires

Collaborative Effort Between: MITW-Community Development and Menominee County/Town of Menominee. If you have any questions, please call: Community Development at 715-799-5155 or Jeremy Johnson at 715-799-5710
